

Face coverings in schools: how to make it work

Despite Trafford recently having its Covid-19 restrictions lifted by the Government, as a Trust we want all students to wear a face mask when moving around school.

When will my child need to wear a face covering at school?

- Your child will need to wear a face covering at our school from when school starts in September. We've decided to introduce this measure because we feel it's appropriate to keep everyone safe at school, based on the latest guidance and we want to build up reassurance amongst students, their families and of course, staff.
-

Where exactly will my child need to wear it in school?

- They'll need to wear it when they move through shared indoor areas of the school where it's difficult to stick to social distancing such as on entry and exit to and from school, on corridors at change of lessons, on their way to break and lunch, even if passing through outside areas.
 - They **won't** need to wear it outside when socially distancing or in their lessons, however they may do so if they wish.
-

What will my child need?

Your child needs to come to school with:

- A **face covering (mask)**. We'd recommend a reusable one so that they can use it more than once, as they'll need to take it on and off several times during the school day. If this isn't an option, they will need to bring in several single-use face coverings each day. Their face covering should be secured to your child's head using ear loops only. A bandana or visor is not as effective.
 - A **sealable plastic bag** to keep their face covering in when they're not using it so that it doesn't contaminate (or get contaminated by) other surfaces in school.
-

Where can I get a face covering?

- Reusable and single-use face coverings are available to buy in shops or online
 - We've attached instructions from the government on how to make a cloth face covering
 - Supervise your child if they'll be making it themselves
-
-

How should my child use their face covering?

- Watch [this video](#) from the World Health Organisation with your child so they know how to wear their face covering safely. We'll watch this in class too
 - Their face covering needs to cover their nose and mouth when they're wearing it
 - They shouldn't touch the front of the face covering or the part that's touched their mouth or nose
 - They should wash their hands before and after touching the face covering, including to take it off or put it on. They should store it in an individual, sealable plastic bag between uses
 - If it becomes damp, they shouldn't wear it, and they should replace it carefully
 - Single-use face coverings should be disposed of after use (**not** in a recycling bin) in a lidded bin. These are available in school.
-

How often will it need to be washed?

- Reusable face coverings will need to be washed at the end of each day, ready for your child to wear the next day
 - If your child has taken a spare reusable mask from school, this will also need to be washed before they use it again
 - You can wash and dry reusable face coverings with normal laundry – follow the washing instructions for the fabric and use normal detergent
-

What if my child is exempt from wearing a face covering?

- They won't need to wear one in school
 - Please let us know by contacting the school office if your child [is exempt](#) so that we don't ask them to wear a face covering
-

What if my child forgets their face covering?

- We'll have a small supply of spares available at school
- To be safe in the knowledge that everyone has one, please make sure your child has their own so that we can keep our supply of spares for emergencies
