

PROSPECTUS

2027 ENTRY

HEADTEACHER

Andrew Keegan
Headteacher

Welcome to Altrincham College's Sixth Form.

Our thriving Sixth Form offers an exceptional environment in which young people can flourish academically and personally. Our recent Ofsted inspection in May 2026 praised our "ambitious and well-tailored 16 to 19 study programme" and highlighted how students benefit from expert teaching, extensive enrichment opportunities and high-quality careers guidance.

Students develop the confidence to work with "maturity and independence", achieve highly, and access their first-choice university, apprenticeship and employment destinations. Through leadership opportunities, enrichment pathways and a commitment to personal growth, our students leave Altrincham College with the "knowledge, skills and self-assurance needed to succeed in the next stage of their lives."

We are very proud that Ofsted found our post 16 provision to be the '**strong standard**'.

WELCOME

Mr A Mahmood
Assistant Headteacher &
Head of Sixth Form

Since we first opened in 2011, the Sixth Form has gone from strength to strength, and we are incredibly proud of all our students' achievements over the years.

"In our most recent 2026 Ofsted inspection, our Sixth Form was awarded a 'Strong standard; recognising the high quality of education and opportunities we provide for our students. Inspectors praised our provision, commenting that "Leaders have designed an ambitious and well-tailored 16 to 19 study programme." We are also proud to have achieved the ALPS Gold Award, placing us in the top 25% nationally for student progress. These accolades reflect our commitment to academic excellence, exceptional pastoral support and ensuring that every student is equipped with the knowledge, skills and experiences needed to succeed in their chosen pathway beyond Sixth Form.

Students at Altrincham College Sixth Form have progressed into top Russell Group Universities such as Leeds, Liverpool, Manchester, Warwick to study in Biomedical Sciences, Law, Maths, Politics, Spanish and Sports Science. We have also had a number of students take up higher and degree level Apprenticeships with top companies such as Balfour Beatty, Barclays and SellaField.

Altrincham College Sixth Form prides itself on offering a range of courses, both academic and vocational, all delivered with 100% commitment and high expectations from our dedicated specialist staff. Students can benefit from our unique opportunity to combine both academic and vocational subjects when selecting their programme of study.

As well as a full curriculum, a wide variety of enrichment activities and opportunities outside of the classroom are available to student throughout their time at Sixth Form

Successful applicants will be well motivated hard-working and have excellent attendance. Students must be willing, independent learners and must adhere to Altrincham College Sixth Form coursework deadlines. All students will have examinations at the end of Year 12 to benchmark progress. The results from these examinations will be used as an indicator that a student has the capability to progress into Year 13.

I very much hope you find the information in this booklet. If you have any queries or questions, either about our programmes Altrincham College Sixth Form prides itself of study or student life in general, please feel free to ask any member of staff or our Sixth Form students.

"A-level outcomes. Have improved rapidly in recent times." (Ofsted)

ASPIRE, ACHIEVE, AMAZE

LIFE AT ALTRINCHAM COLLEGE

We are a small, friendly sixth form with space for just 200 students across years 12 and 13. Our size enables us to nurture each and every student and cater to their individual needs. Furthermore, our smaller student population means that staff get to know their students very quickly and students form close friendships for life.

Students are supported here every single day,

from the day they walk through the door in Year 12, to the day they leave us in Year 13, fully ready to transition to university or employment. We pride ourselves on aiming to keep classes small because we truly believe that student success is determined by receiving quality teaching and 1:1 support.

We offer a multi million pound state-of-the-art learning environment and we consistently see excellent examination results year on year, with almost all students who apply to UCAS securing a place at their first choice university.

We guarantee that students will receive the highest level of personal support and guidance throughout their studies, following either an academic A Level pathway or an Advanced Level 3 vocational pathway, enhanced by an exciting and varied enrichment programme.

Our advice and guidance for Post 18, university applications and apprenticeships is outstanding. You have 1:1 support from a personal tutor, as well as opportunities to meet with university

admissions staff who will visit you in school and provide feedback on your personal statement – the most challenging part of your application.

Our Aspire6 programme is designed to support students that are considering applying to Oxbridge or Russell Group Universities as well as those applying to courses such as medicine, dentistry and veterinary medicine.

Students enjoy an adult learning environment within the purpose built Sixth Form which operates separately from the rest of the school. Café style catering is available throughout the day, along with access to the fully resourced Learning Resource Centre where students can benefit from 1:1 discussions about their futures.

Studying in an environment with staff who both know and care about their students, and available to give them support whenever they need it, is an important advantage that should not be overlooked when making a decision about which sixth form to apply to.

“

**Achieve
+ Learn
Trust.**
Better, together.

The community atmosphere here simply cannot be replicated in a college environment with over 2,000 students. Having everyone know you on a personal level allows you to focus on your course.” - Year 12 student. ”

CURRICULUM

At Altrincham College we offer a broad range of A Level and Vocational courses to choose from. Each student will study 3 A Levels or equivalent. Students can benefit from our unique opportunity to combine both academic and vocational subjects when selecting their programme of study.

Pathway options: Students can choose a pathway consisting of 3 subjects. Certain pathways have been repopulated with two subjects recommended for that Industry and will require a 3rd subject to be chosen. The 'Open Pathway' is open to students who choose a combination of different subjects

A LEVEL COURSES:

Art and Design

Biology

Business Studies

Chemistry

English Language & Literature

Geography

Mathematics

History

Law

Psychology

Sociology

VOCATIONAL COURSES:

Extended Certificate subjects

(equivalent to 1 A Level)

OCR Sport and Physical Activity

BTEC Creative Digital Media

V levels in Digital Systems and Data

“Leaders have designed an ambitious and well-tailored 16 to 19 study programme.” (Ofsted, 2026)

For detailed information about the courses we offer, please refer to the course guide on our website: www.altrinchamcollege.com/sixthform

ENRICHMENT

Our Enrichment programme is designed to complement your academic achievement, help you stand out from the crowd when applying for university or apprenticeships, and demonstrate your desire for personal enhancement. Enrichment activities provide a well-rounded sixth form experience and enable students to develop skills, attributes and experiences beyond academic capabilities.

In addition to the timetabled enrichment session, which is one hour per fortnight, students have opportunities to get involved in student leadership, school council, student wellbeing and many extra curricular activities.

EXTENDED PROJECT QUALIFICATION (EPQ)

The EPQ is an independent research task and involves either writing an extended essay of about 5,000 words or developing and creating a product. An EPQ is worth up to 28 UCAS points (half an A Level).

This qualification helps students develop and demonstrate their project management skills and provides opportunities for extended writing, research and communication, which are highly valued for progression to higher education and employment.

CORE MATHS

Core Maths is designed for students to retain, deepen and extend their knowledge and skills from GCSE (grade 5 and above) and the qualification is worth up to 28 UCAS points (half an A Level).

The primary focus is on using and applying mathematics and statistics to address authentic problems and real-life scenarios, drawn from study, work and life, with a strong emphasis on problem-solving.

THE DUKE OF EDINBURGH'S AWARD

The Duke of Edinburgh's Award (DofE) is the world's leading youth achievement award, giving millions of 14 to 24-year-olds the opportunity to be the very best they can be.

The programme is a life-changing experience and provides an opportunity to discover new interests and nurture new talents. There are three progressive levels for students to work to; the Bronze, Silver and Gold Awards.

“Students benefit from an extensive range of wider opportunities beyond the taught curriculum.” (Ofsted, 2026)

ENRICHMENT

MOOC COURSES

MOOC (Massive Open Online Courses) are free, academic courses which are available via Unifrog, our school's careers platform. There are nearly 3,000 different MOOC courses available and students can work through the course at a time that suits them. Most universities hold MOOC courses in high esteem, as they are a fantastic way to further a student's knowledge of a particular subject area. Some universities even make reduced UCAS offers for students who have completed a relevant MOOC course.

unifrog

YOUNG ENTERPRISE

The Young Enterprise programme allows students to develop essential skills and experiences that they can use in the world of work. Students work as part of a team to create their own company and develop a product idea, which they have to produce, market and sell to customers, competing against students from other sixth forms and colleges!

It is a great opportunity to develop employability and entrepreneurial skills and experience running your own business.

STUDENT LEADERSHIP

The Student Leadership Team (SLT) undertake a range of responsibilities, such as helping at sixth form community and promotional events and supporting with the provision of advice and guidance to prospective students. This gives an opportunity for students to develop their interpersonal and leadership skills. The SLT also represent the views of fellow students and organising social activities within the sixth form.

Our Sixth Form Student Leadership Team meet every Monday under the guidance of Mr. Mahmood. Students apply to be part of the Leadership Team and are interviewed and appointed by the Head of Sixth Form and Mr. Keegan.

WORK EXPERIENCE

Work experience takes place in the spring term of Year12. Students are encouraged to find their own meaningful work experience placement in a relevant field, ideally one linked to their chosen university course or career aspiration. We also encourage students to enhance their CVs or personal statements by signing up to virtual work experience opportunities, such as those offered via organisations such as Springpod and Speakers for Schools.

“Employers increasingly expect job applicants to have relevant experience as well as good qualifications ”

ASPIRE, ACHIEVE, AMAZE

ENRICHMENT

TEFL

The TEFL enrichment course offers students the opportunity to gain a globally recognised qualification that opens doors to teaching English both in the UK and around the world. Whether you're considering a gap year, a future in education, or simply want to develop your communication and leadership skills, TEFL is a valuable and rewarding experience.

Delivered in partnership with a certified provider online, this course introduces the fundamentals of teaching English to non-native speakers and provides practical tools to plan and deliver engaging lessons.

GOOGLE CAREER CERTIFICATES

The Google Career Certificates offer students the chance to gain professional-level training in high-growth fields—no experience required. Delivered online, these courses are redesigned by Google and taught by experts, making them a powerful addition to any CV or university application.

Students can choose from a range of career-focused pathways including IT Support, Data Analytics, Project Management, UX Design, and Cybersecurity. Each course is self-paced, allowing students to learn at a time and speed that suits them.

DANCE LEADERSHIP

The Dance Leadership Qualification is a dynamic and practical course designed for students who are passionate about dance and want to develop their leadership, communication, and coaching skills. This nationally recognised qualification provides the tools to plan, lead, and evaluate safe and engaging dance sessions for a variety of age groups and abilities.

CORE MATHS

Through a mix of theory and practical workshops, students will learn how to break down choreography, manage groups, and deliver inclusive activities—all while building confidence and teamwork.

MUSIC INSTRUMENT GRADE 6

Students working towards Grade 6 or higher on their musical instrument can take advantage of dedicated instrumental tuition sessions organised during the school day. These lessons are designed to support students in preparing for graded exams, auditions, and performances, while also deepening their musical understanding and technique.

Whether you're aiming for a music qualification, building your performance portfolio, or simply passionate about your instrument, this enrichment opportunity offers personalised support from experienced tutors.

“Employers increasingly expect job applicants to have relevant experience as well as good qualifications ”

ASPIRE 6

UNLOCKING ELITE FUTURES

Aspire 6 is our flagship enrichment programme for high-achieving students who aspire to secure places at the UK's most competitive universities and degree apprenticeships.

This prestigious programme includes:

UN-style student debates to develop confidence, critical thinking, and global awareness.

Academic seminars led by a professor from the University of Oxford, offering direct insight into elite university learning.

Oxbridge Applicant Support Programme, providing tailored guidance for applications to Oxford and Cambridge.

Access to Sutton Trust Summer Schools and subject masterclasses, connecting students with top-tier academic experiences and networks.

Specialist support for highly competitive courses such as **Medicine, Dentistry, and Veterinary Science**, including interview preparation and admissions test guidance.

ProvenSuccess...

Every student from the Aspire 6 cohort of 2026 secured either a **degree apprenticeship** or a place at a **Russell Group university/Top 10 University across the country**, demonstrating the programme's exceptional impact.

If you're ready to challenge yourself, grow intellectually, and prepare for a world-class future, **Aspire 6 is your launchpad.**

ASPIRE, ACHIEVE, AMAZE

PROVIDING SUPPORT

Students meet with their personal tutor and the rest of their tutor group each day. This enables students to get to know each other quickly and to develop strong positive relationships. Your personal tutor will provide academic and pastoral help, guiding you as you make important decisions about your future.

Students receive supervision and guidance from Mrs Court (LRC Manager) and our Careers Team, who lead on student destinations, alongside their tutors, and assist with all applications, for university places, apprenticeships and training, or the workplace.

Additional insight into matters of finance, relationships and the skills required for post-16 studies is provided as part of the tutorial programme, as well as external visits.

BURSARY

A Bursary is available for some students aged 16-19 who may need help with the costs incurred in continuing in full time education.

There are 2 categories: Vulnerable groups (previously nominated) and Discretionary Bursary. Money awarded is linked to attendance, punctuality, work ethic and behaviour.

Students must hold an account in their name (not parents/carers). The amount of funding to the school is yet to be confirmed; therefore, the allocation to each student will depend on the funding and numbers who apply. The money is intended to assist with lunches, bus fares, equipment and clothing relating to their Sixth Form studies.

STUDENT EXPERIENCE

*Hear from our students themselves about their experience
with us at AC Sixth Form...*

"I am so grateful to have spent the past two years at Altrincham College Sixth Form. I'm delighted to say that I will be attending the University of Nottingham to study Law with Spanish, and I couldn't have achieved this without the incredible support from the sixth form staff. From guiding me through my UCAS application to helping me find the right path and secure valuable work experience, they have been there every step of the way. The learning environment has been both inspiring and welcoming, and I'm truly happy to have been a part of this sixth form community."

"The study environment is nice and I have received lots of support from teachers, allowing me to achieve my desired grades and get into my first choice university."

"The school has good and caring staff for support and academic development. There is a quiet and calm environment for studying."

"My advice to anyone starting at AC Sixth Form- To understand that leaving secondary school and starting college may seem really hard but it's not. Don't waste your free time and socialise with people that help you progress and grow. If school work is stressful, talk to someone. The teachers and the receptionist are very nice and offer a lot of support."

"The support from people such as Mrs Court is like no other sixth form. She has provided us with many opportunities for the future."

"Enjoy every moment here, take every opportunity you can get and don't be afraid to ask for support! "The hardest but best two years, the support received over my two years was incredible and helped me to secure the best grades, helping me to exceed and get into my chosen uni! Thank you to all my teachers for their wonderful help and support. I can't thank you enough!"

ASPIRE, ACHIEVE, AMAZE

BEYOND SIXTH FORM

Altrincham College Sixth Form has an excellent progression record. Each year, our Year 13 students take up places at some of the top universities in the UK, including Russell Group Universities such as Leeds, Liverpool, Manchester, Warwick and York, and other top ten Universities such as Lancaster & Loughborough

The variety of courses that our students study at undergraduate level reflects the wide variety of courses offered at Altrincham. At present, popular courses include: Law, Psychology, English Literature, Art and Design, Biology, Chemistry, Business Studies and many more. Our students are encouraged to 'aim high' and apply for the top universities for their chosen course and they are fully supported in doing so.

Students receive 1:1 support with all aspects of their UCAS application, from personal statement writing to mock interviews.

We have long-established links with local universities who regularly visit the sixth form to speak to our students and parents about university. Regular trips to universities take place throughout the year, including university support for EPQ students and we welcome the

guidance to students that these universities offer.

Students who aspire to apply to Cambridge or Oxford University can sit their entrance exam at school, as we are a registered Cambridge Assessment Admissions Testing Centre.

Work experience in the field that a student is interested in pursuing as a career is very important and we provide an opportunity for all students to experience a work experience placement in Year 12.

A number of university courses, such as Medicine and Veterinary Medicine, have specific work experience requirements, and students are encouraged to pursue these and seek advice where necessary.

STUDENT LIFE

In Sixth Form, students are expected to take responsibility for themselves and their learning; this can be different from their prior experiences of education. The Sixth Form centre is open before and after the teaching day so that students can arrive early or stay late. As well as timetabled lessons and tutorial

sessions, students also have study periods. Students divide their time between working in the LRC, in designated work areas or spending time in Café Connect. Over time, those students who are working well and making good progress will be permitted to study at home when they have a study period.

ENDTRREYS SC RC IOTEDREI A

We operate a 'Look Smart, Feel Smart' dress code at Altrincham College. We insist on the highest standards of business dress as we recognise that we are preparing students for the world of work.

Students are invited to dress more casually on Fridays, as a reward for meeting our Dress Code expectations.

Dress code at

'Look smart, feel smart'

A dress-code that is smart and appropriate
A dress-code that encourages high-standards
A dress-code that reflects 'business dress' and professionalism

What to wear:

MALE	FEMALE
COMPULSORY	COMPULSORY
- blazer/suit jacket - Tailored trousers - Shirt (tucked in) - Smart shoes	- blazer/suit jacket - Tailored trousers and smart top or blouse OR - Smart skirt (no shorter than half way between top of leg and knee) and smart top or blouse OR - Smart dress (no shorter than half way between top of leg and knee) - Smart shoes
OPTIONAL	OPTIONAL
- Tie - Smart, plain jumper - Appropriate religious attire	- Appropriate religious attire

What NOT to wear:

- Low cut neckline - Crop tops - Backless/low back - Trainers/Pumps - Hoodies - Leggings - Joggers - Skorts - Shorts - Neon - Denim or corduroy - Leather/PVC-look - Sportswear - Unnatural hair colours - Vests	- Flips flops - Ugg style boots, Doc Martin style, Biker boots etc - Large/obvious logos - Slogans - Excessive jewellery
--	--

TO REMOVE ONCE YOU ARRIVE AT SCHOOL:

- Scarves
- Coats/jackets
- Gloves

There will be a 'Dress-down Friday' every week, as a reward for students that meet Dress Code expectations

Sports students need to bring sports kit into school to get changed into if they have a practical lesson

ICT AND LAPTOPS

ICT can be a very effective way to support learning. Students have access to computers in a number of ICT suites, including the Learning Resource Centre.

Students are welcome to use their own device, at their own risk, providing parents give permission in advance.

ASPIRE, ACHIEVE, AMAZE

SUBMITTING AN APPLICATION

ENTRY CRITERIA

Our entry criteria is fair, in line with other sixth form providers, and is set to ensure students begin their Post 16 studies in the strongest position to be successful.

Entry into the Sixth Form requires **5 GCSEs at Grades 9-5** including English Language and Maths, and usually a grade 6 in the subjects you wish to follow in the Sixth Form.

Not all courses, however, require you to have studied them at GCSE. It is important that **you read each subject's entry criteria as this may differ slightly from the general entry criteria. Some subjects need specific entry requirements.** Please see the course guide for more information.

THE APPLICATION

You can now apply electronically. Scan the QR code to the right to access the online application form.

Alternatively, you can download an application form to print or access an MS form link from the school website.

Remember to select just **ONE** pathway.

Sixth Form Entry 2027

APPLICATION DEADLINE: DECEMBER 19TH 2025

Internal applicants: Apply online **OR** return a paper application to your Form Tutor or Sixth Form Reception.

External applicants: Apply online **OR** post/ hand in your paper application to school. Applications must be accompanied with a current school reference.

FREQUENTLY ASKED QUESTIONS

When and how do I apply? Applications for our Sixth Form are open now! Students can apply online by downloading and completing the application form below or by scanning the QR code on page 11. Downloaded forms need to be handed to your form tutor (internal students) or posted/emailed/handed in to: Mrs Khanam, Altrincham College Sixth Form, Green Lane, Timperley, WA15 8QW, skm@altrinchamcollege.com. The application deadline is in December of 2026.

What happens once I have applied? A confirmation letter will be sent to confirm receipt of your application form. Once the deadline passes, subject blocks will be created from the list of subjects in the course guide and application form. From January 2027, external students will be invited to attend a short interview with Mr Mahmood, Head of Sixth Form, to discuss their subject choices. Internal students will be notified if their chosen subjects create a clash once blocks are created and will be invited to discuss this with Mr Mahmood. Students will receive conditional offer letters in the spring term. Prior to enrolling with us, students will be invited to our New Student Taster Day at school, planned for June/July 2027.

How do I enrol? Enrolment is expected to happen on GCSE Results Day for internal students and the following day for external students. To enrol you must have made an application to our centre and meet our entry requirements. Please note courses are not guaranteed.

What courses do you offer? We pride ourselves on offering a wide range of both A Level and Vocational courses. Please refer to our course booklet for the full list of courses.

What does the school day look like? Our school day is split into five teaching periods. Registration starts at 8:45am, followed by period one at 9:05am. Each period lasts an hour and the school day ends at 3.05pm. Students in both years have built in study periods. Our Learning Resource Centre (LRC) is a quiet place for students to work, read or use a computer during this free time.

What is enrichment? We encourage students to fully embrace sixth form life by getting involved in clubs or using their free time for volunteering or mentoring younger students. In Year 12, students can opt to study for an Extended Project Qualification (EPQ) or Core Maths, in addition to their study programme, worth the equivalent to 0.5 A Levels in UCAS points. Find out more about the wide range of opportunities available on page 6.

What is the dress code? During Monday – Thursday we operate a strict 'Look Smart, Feel Smart' business dress code. Students who adhere to this are allowed to 'dress down' on a Friday!

How do I get to school? There are 7 school buses which are dedicated to serving Altrincham College. Please visit our school website for full details.

Can I purchase food and drink in the Sixth Form? Yes, you can purchase a variety of hot and cold drinks, snacks and delicious meals from the sixth form's Café Connect.

To learn more about our Sixth Form, please visit:

You can also follow us on Instagram @acsixthform
