

Dear Students, Parent and Carers,

You should have already received a letter explaining the post-18 study programme that Year 12 students will embark on during the summer term. Despite these difficult times, we are fully committed to delivering the same programme of events that would have occurred if students were still at school, albeit digitally.

Session One:

“How to choose and apply to the right university and course” – Rob Rattray, Leeds Beckett University.

Rob has a wealth of experience, having worked in the Higher Education Sector for over 20 years and he is also the UK Vice-Chair for the Higher Education Liaison Officer’s Association (HELOA). He was due to deliver this presentation in person at school today. Instead, he has recorded his presentation for you to watch which can be accessed by clicking [here](#):

We request that all students and parents/carers watch this video, even if you are unsure about university, so that you can make an informed decision about your future.

Rob has kindly offered to answer your questions either via email or a 1:1 ‘Zoom’ drop-in service. You can contact him at: <mailto:r.rattray@leedsbeckett.ac.uk>. Alternatively I am more than happy to collate and send your emails to him.

Homework from Rob: With almost 30,000 undergraduate courses available to choose from, finding the right course is key to your UCAS application! Task: pick 10 subjects that you’ve never heard of before and find out what they’re about using the UCAS [search tool](#). Please let me know how you got on with this task!

If you have any queries, please contact me at: cct@altrinchamcollege.com

Kind regards,

Mrs Court
