

Live Feedback Sessions Summer Term wb 1/6/20

Information for Students and Parents

The timetable below outlines the provision of 'Teams live feedback sessions' for the first 4 weeks after half term wb 1/6/20. The timetable will be reviewed and updated accordingly.

In order to cater for the needs of students and staff throughout remote learning, the specific times of the sessions are not prescribed here. **Teachers will notify students** of the exact time the session will run on the designated day for the specific subject.

All sessions will follow the same format:

- A task/questions are set several days in advance of the session
- Students attempt the task/questions
- The 'Teams live feedback session' will provide the answer/modelled response/opportunities for clarification.

These live sessions will not follow the format of a 'normal' lesson, where you can 'put up a virtual hand' to ask a question or interject with a comment. These sessions will run best where students are respectful of their teachers and only have a direct input when prompted to do so. The sessions will last between 20-25 minutes. Please read the important Safeguarding information at the bottom of this document prior to participating in any sessions.

On the 22/6/20 where option subjects are introduced, students are to select a subject from the group list which applies to them. Again, the teachers will organise and communicate with their students the specifics on the tasks to be completed along with the timing of the 'Teams live feedback session'.

Group lists Yr10&12

Yr10 Group List 1	Yr12 Group List 1
Business Studies French PE Media Computer Science Citizenship	Business Studies French Sport Media Computer Science
Yr10 Group List 2	Yr12 Group List 2
Drama Music RE Art Textiles Food	Sociology Law Psychology Art

Safeguarding Expectations

Students

To safeguard both our students and staff, students need to ensure;

- all communication on Teams or any other learning platform is respectful and classroom appropriate at all times
- any communication with teachers must be through school email
- they are wearing appropriate dress if they attending a live discussion or lesson remotely
- the location of their computer or device at home is appropriate if they are attending a live discussion or lesson remotely
- they do not record any live streaming discussions
- when taking part in a live lesson, their microphone should be muted when not talking
